PRESTO MAESTRO

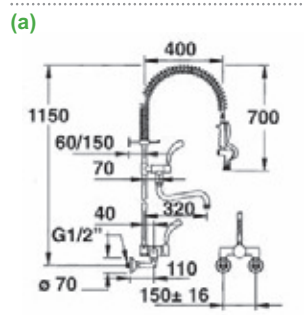

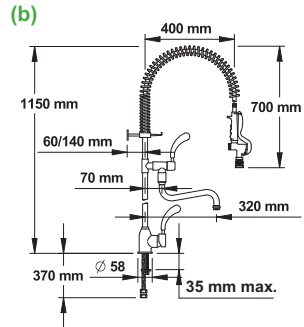

PRESTO MAESTRO
PROFESSIONAL SPRAY HEAD: anti-scale adjustable jet, protected by a shock resistant end piece. Integrated 10L/min flow regulator. Non-return valve. Anti-slip handle.
ERGONOMIC: handle with lock on opening position and anti-hammering closing. Flexible elbow-controlled lever.
HYGIENE: PRESTO anti-scale straightener without water retention or bacteria.
LONGEVITY: pre-rinse pillar tap equipped with reinforced food grade hose and stainless steel spring guide.
EASY INSTALLATION: adapted to all kinds of tanks and sinks. Mixer with extension for installation on stove.
QUALITY AND RESISTANCE: telescopic spout allows filling of tall containers. 1/4 turn ultra resistant ceramic cartridge and rate are studied for intensive use in professional kitchens and food processing industry.
