

Be-line T-shaped shower grab bar with sliding vertical bar

Ref. 511944C

Metallised anthracite powder-coated aluminium

DESCRIPTION

Be-line T-shaped shower grab bar with sliding vertical bar - Ref. 511944C

Be-line T-shaped grab bar Ø 35mm for showers with sliding vertical bar. Use as a shower rail and to support the user in an upright position. Helps and secures entry and movement in the shower. Use as a shower rail by adding a sliding shower head holder and/or soap dish. Upright position can be adjusted during installation: can be moved to the left or the right in order to adapt the space (positioning of shower, depth of shower seat...).

Dimensions: 1,130 x 500mm.

Aluminium tube thickness 3mm. Solid aluminium fixing points.

Rounded profile Ø 35mm with ergonomic flat front face that prevents rotation for an optimal grip.

Metallised anthracite powder-coated aluminium provides a good visual contrast with the wall.

Uniform surface for easy maintenance and hygiene.

38mm gap between the bar and the wall: minimal space prevents the forearm passing between the bar and the wall, reducing the risk of fracture in case of loss of balance.

Concealed fixings.

Supplied with Ø 8 x 70mm stainless steel screws for concrete walls.

Tested to over 200kg. Maximum recommended user weight: 135kg.

10-year warranty. CE marked.

TECHNICAL FEATURES

Be-line T-shaped shower grab bar with sliding vertical bar - Ref. 51194

Height	1,130mm
Length	500mm
Width to the wall	38mm
Thickness	3mm
Finish	Metallised anthracite powder-coated aluminium
Standards and certifications	
Warranty	

ADVANTAGES

Innovative design suitable for all users

Comfort: ergonomic anti-rotation surface

Upright position can be adjusted
