## PURE DANISH DESIGN

### FROST: A WORK IN PROGRESS

Our vision and focus is to provide a broad platform of architectural elements that both inspire and provide comprehensive design and application solutions.

Our Danish culture of progressive contemporary design is conveyed through our products in a manner that blends design with function, creativity with solutions.

FROST embraces the concept that Form is nothing without Function. Emphasis has also been placed on material, quality, and service. FROST has been the recipient of International Design Awards and we have realized that our company is a Work In Progress. This we attribute to the ongoing dialogue with architects worldwide that have been embraced as part of our company culture.

FROST is more than a company: it is a vision, and a quest for excellence.

# PEDAL BIN

NO STORY, SIMPLY DESIGN

design by Bønnelycke mdd

Pedal bins are vital in modern interior design, and a highly visible feature in every bathroom, kitchen and office.

Our lifestyle requires high standards of hygiene and functionality, and if you add 'elegant design' to the equation, the answer is: The FROST Pedal Bin.

Asking Bønnelycke mdd to design the new pedal bin and include it in the deep FROST product range was an obvious step for us to take. The FROST Pedal Bin has strong roots in Danish design traditions, encapsulating the spirit of our time, and at the same time, it blends perfectly into any contemporary interior.

The FROST Pedal Bin is your possibility to choose excellence.

# LIVING

The Nordic Feeling is quite apparent in the new FROST Living Accessories collection of Danish designed decorative and functional products.

Individual or together all products are perfect choices as stylish additions to your home. Clean and elegant designs you will appreciate in the living room, the dining room, kitchen, bathroom or any other room.

The FROST Living Accessories are made from stainless steel and available in the six FROST finishes: Universal Brushed, Perfect Polished, Original Copper, Modern Gold, Classic Black and Pure White.

The different finishes make it easy to blend the designs into an existing interior and brighten it up with spots of color and personality.

Let any of the designs from FROST Living Accessories complete your interior ...

# UNU

The UNU System encompasses furnishing products for wardrobes, hallways and living rooms. The edging profile, characteristic of the series bestows a slender and elegant look while providing endless possibilities for a well-defined and complete expression.

The UNU System is made from solid 4 mm aluminium with a powder coated finish in either black or white. The UNU Shelf System is aluminium shelves, all available in either 600 or 1000 mm lengths. In addition, a complementary smaller shelf is available, and so is magazine / shoe shelves, gallery shelves, a selection of mirrors and even trays for document storage or serving the coffee.

The UNU Wardrobe System also comes in the lengths 600 and 1000 mm and in addition, a smaller 200 mm version is available. The hooks and the chromed hanger bar completes the wardrobe system.

Since both The UNU Shelf and Wardrobe Systems are mounted on the same wall bracket, all items can be mixed and matched to suit your changing needs, the shelves may even be turned upside down. The UNU System sets a new standard for modular shelf systems.

The UNU series is designed by Bønnelycke mdd

# bukto

BUKTO is the elegant free standing clothing system with the highest degree of flexibility. Clothes stands with castors makes it perfect for conferences, meeting rooms, dressing rooms, hallways or for in-store product presentation.

The new BUKTO shelf system introduces seamless shelf location for maximum flexibility. This makes it an obvious choice anywhere you need to change the space between shelves without compromising the looks of the whole.

Use the BUKTO shelf system in your kitchen, living room, dressing room or any store.

All stands are made from steel with a black or white powder coated finish. The stainless steel top bars in Modern Gold, Original Copper and Perfect Polished makes it easy to match with existing interior whilst making a personal statement.

The BUKTO system is designed by Bønnelycke mdd

# NOVA2

Kitchen, bathroom & wardrobe accessories.

Consistent details such as the shadow edge between the mounting surface, and the product complements the discreet and complete series.

All elements are interpretations of the meeting between the stringent form, and the cylindrical form - this is quite apparent on the hooks for the system.

The products are made from stainless steel 304 and designed by Bønnelycke mdd, who, with a refined sense of simplicity, technical details and stylish fit, has managed to combine aesthetics and function in one and create a range of quality products that will adorn any home.

The NOVA2 series is available in the six FROST finishes: Universal Brushed, Perfect Polished, Original Copper, Modern Gold, Classic Black and Pure White.

The NOVA2 series is designed by Bønnelycke mdd.

# QUADRA

Kitchen, bathroom & wardrobe accessories.

The products are made from stainless steel 304.

The proportional dimensions 8:5:3 define the QUADRA series as architectural building elements.

When combined, the clean-cut and stylistically consistent details forms a characteristic and well-defined system.

The QUADRA series is available in the six FROST finishes: Universal Brushed, Perfect Polished, Original Copper, Modern Gold, Classic Black and Pure White.

The QUADRA series is designed by Bønnelycke mdd

# Signature

The SIGNATURE COLLECTION

celebrates the individual.

Each design stands out as a

solo and may be used and enjoyed as such.

Nevertheless they may also be combined to form

larger individual combinations.

# NOVA

Nova is a comprehensive series of wardrobe products, sanitary hardware and bathroom fittings. The series is manufactured from satin or mirror polished stainless steel 304 to resist the aggressive environment in toilets and bathrooms. The simplicity and timeless design is based on form follows function. Nova can be combined in countless variations, which allow the individual user to create an individual style in all building types.

# HANDLES

Furniture cabinet handles, knobs and complimentary components.

Your choice of style in a selection of finishes will create an individual piece of furniture. All our Danish designed fittings with their sleek profiles will enhance quality furniture with lines of fusion and finish.

## HANDLES

Not just any handle, it is a FROST handle.

A FROST handle will raise a prosaic piece of furniture to a new height it will subtly enhance a wonderful piece of furniture, complimenting the design while maintaining the overall aesthetic.

## KNOBS

Minimal perfection!

An opportunity to enhance your door or draw with the right look. Many designs offer sophistication and elegance for contemporary and traditional furniture.

## DRAWER PULLS

Cutting edge Danish designs for high tech furniture in kitchen, media storage and bathroom areas.

## SPECIALITY HARDWARE

Design brackets and towel bars to match our quality handles. Functional elements for your interior design.
