

REALTREE EDGE™ SUB20

COLD WEATHER HAND PROTECTION

Mechanix Wear SUB20™ gloves are made with 100g 3M Thinsulate™ insulation. We incorporated a waterproof Hypora™ membrane, touchscreen technology, and our multi-layer

FEATURES

- 1 Full extension gauntlet cuff design is slim enough to fit under a jacket
- 2 Realtree Edge™ camouflage pattern allows you to blend in with the terrain
- 3 100g 3M Thinsulate™ provides warmth in the most extreme conditions
- 4 Hypora waterproof membrane creates increased insulation while providing a durable and flexible barrier of protection
- 5 Multilayer rubberized palm construction provides waterproofing at the point of contact
- 6 Embossed trigger finger design reduces bunching to increase dexterity where it matters
- 7 Padlock™ no-slip silicon print improves your grip performance in the field
- 8 Durable synthetic leather infused with touchscreen technology to control your devices
- 9 Reinforced heel patch provides extra wear life for the heel
- 10 Reinforced heel patch provides extra wear life for the heel
