Water and soap duo

		Art. No.
W+S bent	counter mount	5400201
W+S straight	wall mount	5400200

TOUCHLESS. MADE BEAUTIFUL.

Operation

The elegant infrared interface of *the untouchable*™ is based on a simple concept: select above, receive under; By swiping above *the untouchable*™ the faucet cycles through the available liquids. When the desired liquid has been selected, place hands under the faucet and the liquid is dispensed.

Custom colours

The body of *the untouchable*™ can be powder coated in any of the 213 RAL colours. Our state-of-the-art powder coating facility can quickly customize any faucet order, large or small, to match your colour scheme. To complete your washroom's unique look, the colour you choose can be coated onto any other OPHARDT hygiene dispenser, waste bin, or metal accessory.

Anti-Fingerprint-Coating

OPHARDT hygiene's renowned Anti-Fingerprint-Coating can be applied to the stainless steel body of *the untouchable*™. When coated in Anti-Fingerprint-Coating (AFP), the faucet maintains its clean, elegant look despite accidental contact. The remarkable reduction in visible fingerprints significantly reduces cleaning time and maintenance.
