## New deck-mounted electronic sensor tap

NOT ONLY STYLISH

FRENCH TAPWARE  
FOR INTENSIVE USE AND  
CHALLENGING ENVIRONMENTS

# PRESTO NOVA<sup>®</sup>, DESIGNED BY PR

## NEW DECK-MOUNTED ELECTRONIC SENSOR TAP

### ADVANTAGES

#### Contemporary design:

slender lines and modern finish.

#### Sturdiness:

adapted to intensive use.

#### Comfortable user experience:

perfect spout height and reach.

#### New configurable cell:

- **Improved accessibility:** optimised detection of children and disabled people. The cell anticipates the potential disturbances due to the environment (light variations, neon lights, reflexions in mirrors or washbasin...).
- **Simplified settings:** the cell will automatically enter in «learning mode» once activated, during the installation and will adapt to the local environment.
- **Maximum hygiene:** hands-free detection and automatic flush in case of prolonged non-use, in order to avoid stagnating water, responsible of growth of bacteria.
- **IOT compatible :** possibility to download data on water consumption through the PRESTOCOM app.

Deck-mounted electronic sensor mixer,  
matt black finish with copper trim

### PANORAMA:

3 aesthetic and unique finishes

Matt black with copper trim

Chrome body & top

Chrome body & black chrome top

# ESTO®

## Unique customization:

beyond the top part, the full tap can be customized thanks to its hands-free technology (dare and contact PRESTO)

## Easy maintenance:

Simple opening of the top thanks to an invisible screw located on the front of the tap, for a total access (battery, solenoid valve, cell).

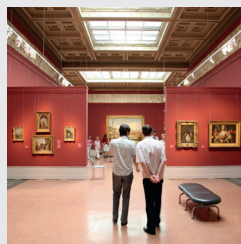

## Safety:

limitation of the maximum temperature through an adjustable temperature limiter.

## Water savings:

anti-blocking system preventing continuous flow, 1,9 or 3 l/min integrated flow limiter.

## AUDIENCE

PRESTO NOVA® has been designed for users who are looking for both optimum comfort and well designed toilets:

- Offices
- Shopping centres
- Airports
- Cafés, hotels and restaurants
- Other commercial buildings: administrations, outdoor accomodations, ...

BATTERY POWERED NOVA® MIXER WITH CHROME BODY  
AND BLACK CHROME TOP FINISH (REF. 55391)

ABOUT  
THE PRESTO NOVA®  
RANGE

Also available in single tap, for cold or pre-mixed water

PRESTO has integrated its iconic technology in a brand new range of electronic sensor taps, ready to be installed in offices, commercial buildings and malls. Thanks to a new generation of infrared cell, NOVA® models combine remarkable resistance, endurance, comfort for users, and water savings. Specialist of tapware and sanitary solutions fitted for intensive use in very challenging environments, PRESTO also loves design.
